吉富昭仁

AKIHITO

YOSHITOMI

It was in the Yokohama Prefecture that I first saw him, a high school student with a flat haircut, still wearing his school mascot tag. And then he even lived in the old apartment complex I introduced him to, and even has not a house and surely when he came to Tokyo.

When he invited me to be the hostess at his wedding, he still has a lot of that childish fluff.

As time flies by, an author grows up, but so does an editor grows old.

I believe that his creation, in the past, present, and even the future, will continue to extend to its readers, under the sunlight.

ACT-54 ASHNOB'S RING

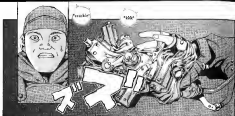

Contact
the general,
quick!

What would happen
if this project is
exposed ..

You should
know that
better than
I do!

Bolt?

What're
you talking
about?

You two hired
Bolt Crank,
right?

But that
Ashner's Ring
doesn't exist.

So you are
saying that
this is a
coincidence?

We are under
surveillance
24 hours a day.

Is this a
joke?

How were
we able to
hire Bolt
Crank?

So besides
us,

there are
others who
want to see it?

You plan to
insist that this
have nothing
to do with you!

It looks like
the general
isn't the
only romantic,
who wants to
see Ashner's
Ring...

That's true,
If you want
to see it, you will
need to live for
10 million years

If you can't live
that long, it's
impossible to
see it.

I know that you
are very against
this Project right
from the start.

We Are
against That

If it's to give
You longevity

It's
only that

Really?

We Are
conducting
research into
life-extension.

We're not
against it.

In this country,
genetic research
is a very serious
crime. .

You are Over
once this research
is exposed

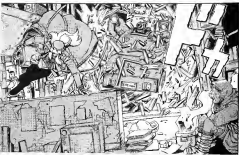

It looks like
you're prepared
for this too.

You even
impermeated
your objectives,
used the
hospitals,
to collect
genetic data
from the
population. .

This has
nothing to
do with me,
You are the ones
who worked on the
project.

I'm
General
Silen!

Bastard...
where do you
plan to go?

so there may
be data/info
about the
project inside
of him.

The target
seems to
have the
ability to
reconstruct
what he ate.

Blow him up.
I want even
his insides to
be completely
obliterated!

and go for
a visit to the
House.

This is the
order of the
President.
He wants you to stop
this military operation
this instance.

What the
hell are
you doing!!

May I
ask who is
General
Liuwu?

Danger!

Don't
stop me
!!

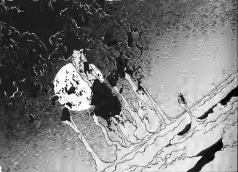

The country
is in danger
right now!!

The document
stated that
you plan to start
a revolution...

even researching
genetics to find a
way to extend
life...

Letter?

The President
didn't believe
it...

It all seemed
like a
tall tale,

and that
Bob Crank
would have
the evidence
to prove you
guilty...

This is
a trap!

Trap...

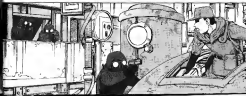

seems to prove
that the letter
is right

But your
actions
tonight,

Just a minute more
and there would've
only been ashes
Too.

When you're
trying to
catch Bolt,
We have already
confirmed the
bodies of Dr. Allen
and Professor Joyce.

this will
happen in
approximately
10 Million
years later

In the future,
a meteor will
collide with that
moon,
and...
the moon fragments
will continue to
orbit around this
planet...

And that
ring of
moonships
will be
called The
Schwarzer's Ring.

You know it
all along, huh?
Mr. Bolt.

Dalling into
our trap so
early.

The General
sure is dumb.

You can
say that.

All the
girls are
me!

All of us
are Joyce!

And all the
boys are
Allen!

And we can
pretend to
collect genetic
samples,

while we implant
Joyce and Allen's
"Memories"
into female patients

That's why
he was so
easy to fool.

The General always
thought that
keeping your body
the same, unaging,
is how you achieve
life-extension,
longevity.

And the probability that "MY" personality will REMAIN will also increase.

Our offspring's will increase too...

If you just keep changing new bodies, then you can "almost" achieve immortality.

It was all due to the General's funding, that we can turn such a improbable theory into reality.

next we'll remake this country..

this world will be recreated by scientists..

Like Jopex and Me

Gentlemen

What are you going to do next?

now that we've stopped this country from turning into a military ruled martial state...

That's right.

You should be
able to see
Ashner's Ring
as well.

the real
one.

Isn't you
the same ...
like us?

Do you
want to
join?

Only those
with immortality
deserve to be
the God-chosen
rulers!

We will rule
this world
one day...
for forever
and ever...

Tell us.

For
Reference.

What is it
like to be
Immortal?

Bob,
tell us.

Think what
you will.

You Will
Know
One Day.

ACT-55 MORPH

This whole street is controlled by the Kohar Explorer Guild.

Almost all freelancers are members of Kohar now.

They force explorers to work in their company...

If any dares to resist or to contend for business, Kohar kills them.

It's a very Evil Company!

They never try
to finish the
jobs.

That company,
even if they
accepted a job,
only asks for money...

Please use him,
Bob-san!

And they took
Wolf.

Wolf can't
possibly work
for Kahar.

He never
takes one
money,
and he helps
everyone.

A Lone
Wolf,
but he's
also our
friend.

Right?
He's an
explorer that
works and
walks alone!

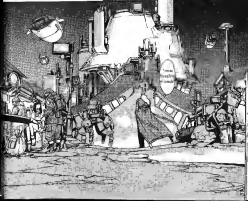

Wolf...

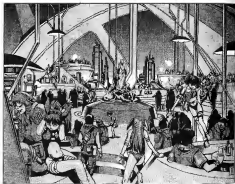

that's why it's
up to us to save
him this time
around.

They WILL
kill him.

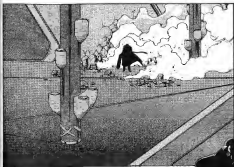

Wah
arrr!

Found Flint
Over There!

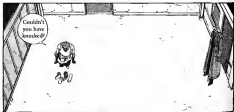

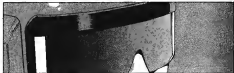

Was
that
it?

!?

Right!

Not even the
basement?
Really?

Then there's
only one
place left...

You're Bolt
Chuck,
right?

!

Quite worthy to
be called the
World's Greatest
Explorer

To make it
all the way
here.

I'm here to
ask you to
give back
Wolfstar.

It's very rude
to interrupt
someone's
song.

The only problem is that this is the only place we haven't searched.

Find and bring him out of here if you can!

Put the gun away,

else the younger brother drowns.

You're the same, uh?

I won't let that guy out.

those that don't agree to work for me are too dangerous and bad for business

And my
father...

he's Hard
Working.

Well... yes...

didn't I tell
you to talk
like that?

why didn't you
introduce me
to such a
handsome man?

I didn't
know you're
friend with
Bolt.

Looks like a
woman no
matter how
you look at
her... then him.

Hee...
He's just a
shape-shifter
who likes to
pretend he's
a woman.

That's my
special
ability!

Shut
up!

This is
the Real
me.

if you don't give
your opponent
a little time...

one day
you'll die
because of
that.

You just aren't
suitable to be an
explor/fighter.

Nii-san,
you just
don't
understand...

It is not
our job to
kill.

ACT-56 SERVICE

Even though
there's a rumor
that that explorer
has already died.

You...
really admire
Bolt.
Don't you?

But I don't
believe that
he's dead.

Or is it something else?

Do you want to be like him?

!

It is not the job of explorers to kill.

You're putting what Bolt used into practice?

What I meant is that you're using Bolt your ideal.

What are you trying to say?

He never accepts assignments to kill, that's what associates do.

But...
is not like Bolt has never killed.

He's
reconstructing
girls!

It's
Body
Pard!

He's making
human beings
into a
commodity!

and assembles
them into
"perfect"
women,
that's he sells
them!

He collects
the best
parts of
beautiful
young women.

But he must've
prepared for this
he will escape.

Even though
the police
will come
anytime now

So you want
me to
rescue the
girl?

No,
we want you
to kill
him.

Won't you
regret this...
Hard...

She may very
well be your last
fun...

If you wish,
I can average
her for you...
how about it?

No...no
need
this job

No.

Can you
give me
back my
gun?

My job is to
protect the
boss here.

I'm
sorry.

Mr. Bolt Creek,
if you don't hurry...
the boss
is inside.

Is that
OK...

Because the
Reward
is not bad.

Then why
did you
accept this
job?

Good
for you.

He's a real
pro.

I like
that...

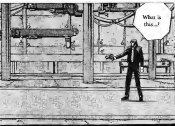

I know.

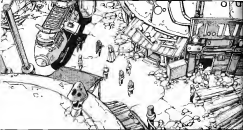

That brought
me quite me
a lot of time,

Not a bad
Performance,
Eolt.

he,
heh!

Yes...

Now you can
bring me to
someplace
safe.

That's what
I planned to
do!

Eh...
why is this
happening
-!?

Wh... whywhy
whywhywhy
would Hard-on
...

You really
Played us,

Bolt...
Crank...

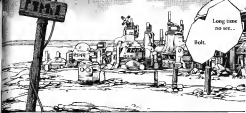

This is a part
of my
Service!

ACT-57 A SPECIAL DISH

Even if we
are in the same
trade, I have
no desire to
help you.

And whatever
the
circumstances,
I won't trust
other explorers.

Let me say this
first, those
explorers who
do something as
low as stealing
have no right
to be explorers.

Those that
betray their
fellow explorers
aren't much
better.

That's a
good way of
thinking.

Now we can get
our cultivation
tanker back!

Good work,
Warren!

What a
Explorer!

Ah, I
forward to
it.

We will prepare
the "Special
Dish" for you
tonight

Hey! That's my
hovercraft, don't
play with that!

Eh!

"Please!"

117

Ah.

I'm here to
send you
tea.

Wait!

Knock

...so
meaningless.

Who—
Are you?

Can you
not interfere
with my
job?

You're
too
noisy.

//

Must!

I apologize,
but my diet
is not the same
as ordinary
people.

Actually,
me too.

I like bolts
and screws.

You
too!

Except for the
"Special Dish",
I'm not used
to eating
other food.

More than is
something
meaningful.

Really

Red is bring
weapons for
me.

to help me
uncover the
secret of this
village.

Do you
know
Why?

Anyone who
enters this
village never
leaves again

I have
No Idea!

Ha.

You an
explorer
too..!

.. really
just like
the in the
legends.

Yeah
yeah

This is
Good.

Wonder
what?

I'm sure
that they
have some
unreasonable
secret.

Because my
father
disappeared
in this
village.

.....
?

Just a
requester

But right now
I am the employee
of the
World's Greatest
Explorer...

ハッ、ゴッ、モッ、モッ

Go outside
when you're
done eating.

That is
all of
it.

And Then
past 12 years,
I've following
his footsteps.

but After my
Mom died,
only my Dad
and I are left..

My father is
an explorer
who cared
about his
family.

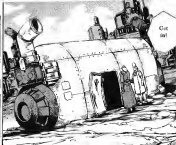

Right,
this doesn't
concern
you

What has
nothing
to do
with me.

But all
news of him
ended here.

Get
out!

I'm sorry,
but I have no
desire to team
up.

If you are
willing, do
you want to
let me hire
you?

The people
here to be doing
something
secretive...

If you continue
to stay here,
even you won't
be able to leave.

I'm saying this
for your own
good.

Thanks
for the
chatting...

besides,

I don't
Trust
You.

I don't want to
own anyone
anything.

huh?

You're a foolish
explorer who
can't see things
clearly.

At least I
can see your
panties
clearly.

Don't
underestimate
me!

Wah
argh
!

Is this what
Food smells
like?

Please...
Please!

Don't...
Come...
?

NO!

Win the taste too
strong is someone
not used to the
"Special Dish"?

Good...
yes...

What's
this smell?

This is the
"Special Dish" the
elder prepared
for you, enjoy
this before the
feast tonight.

What's going on...!!

Heh
Heh
Heh
...!

What...
My homocraft
...!

Then let us enjoy
this right away
tonight.

This
man
the speed
the plant
is growing is...
incredible!

And it was a
coincidental
coincidence
that you knew
this man...

Because we wanted
to have a taste of what
the "Special Dish"
of a creature who
eats metal will be
like...

Hey!
Just what's
going on?"

What did
you say...

That was why we
hired you instead
of...
and it really was
easy for you to
catch him.

that landmark
was a counterfeiter

Actually, there
has always only
been one Tank.

You Lied
to me
...!!

All of us here
eat the
"Special Dish",
and had lived
for more than
500 years now.

But...
we can't live
anymore if
we don't get to
eat "It".

Really?

he was
quite tasty,
you know.

Oh yes...
that explorer,

Then, her Dad
also became a
"Special Dish".

we'll make first
her eat the
"Special Dish"
of that metal
captive creature,

This girl looks
lovely, she must
be very tasty...

then we'll
put her in the
net to cultivate...
slowly...

When the time
comes, I just know
that she'll one of
the best of the
"Special Dishes"...

You'll
become a
big help
to us.

Warren, join
our village,
join us.

But you can
get a
newfound
life, you
know!

I don't plan
to join you
"people".

...don't
delude
yourself.

...really?

Heh?
Like I can
swallow something
that smells and
looks like shit!

What
makes you
think you had
a choice?

"cock
hangar"

"let
crack"

heh...
never
thought I'd
be this
foolish.

Eat
This!

I thought that
You Don't help
follow explorers
...

well, both of my
parents died when
I was still little...
and...

You should've
finished the
job earlier.

Enough of
that, how are
we going to
leave here?

What did you
do with the
time...

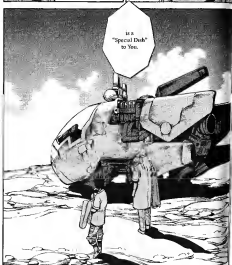

That's an
important
tool of survival
for me...

Oh
really

Those Dishes
that the cook
delivered... were
very tasty

ACT-58 RESET

I've closed
up shop
for the
moment.

But I'm
very sorry

Why you
wanted to
erase your
memory...

Ah uh, yeah,
so that's why.

See,
the capacity is
full.

If I don't change
the special
memory disc,
it can't be used
!!

Wait, wait!
It can't be
used Now!

I don't take
disciples.

Oh -- no
no

What?

You have
nowhere
else to go!

If the disc is
not changed, it's
impossible for it
to draw out
people's memories.

Good,
then I
will tell
you...

Why is he
so late
anyways...

Oh? You want
to ask me
why I don't
have an
apprentice?

That man
gave me
a lot of
trouble...

I once had an
apprentice
called
Adel...

I am quite
free.

Since before
the man who
will fix the
disc comes,

he took my
machine, and
started doing
business himself

But one
day,

I treated Adiel
like my son.

Worse is that
he did whatever
he was paid for,
even erasing the memories
of important witnesses
and...

That guy not
only competed
for business,

he even took my
clientele list.

'Cause I hired
the World's Greatest
Explorer.

But his luck soon
ran out.

Thanks for
coming,
Bohr.

Of
course

it's to take
back the machine
he stole from
me.

What do you
want me to do?

After a lot
work, I
finally found
out his base of
operation.

but I am
not young
any more.

Let me
understand
the situation
first.

You don't need
to hurry, Miss
Rachel.

Please hurry
and erase my
memory.

because I don't
know how much and
which memories
you want erased.

I have to
ask you about
it before I
can start...

...but I don't
want to
remember

I once had
someone
I loved...

I am the
mayor's
only
daughter,
that's why I
can't just
marry
whoever
I want!

Real

Even though
who I really
loved was
Henry...

Does that
mean your
dad is dead?

Lawrence's father
is the president
of an import/
export corporation,
and he was also
an only child

Yes...

I was
content
as long
as Henry
is by my
side...

But to me,
money was
Never part
of my
consideration.

Ah...

Thinking
back,
here is where
we three...
used to come
and play

Sam and me...
and Lawrence,

... I'm
so sorry.

I never knew
that he was
already your
 betrothed...

But I can't
win against
Lawrence.

because both
Lawrence and I
wanted to
marry you...

...we used fight
for you too.

I'm sorry, but
I think that
You are the one
who changed,
Lawrence

He is not
what he
used to be!

Don't you know
what kind of man
Henry is?

That man is a
famous playboy

For your own
selfish reasons,
to put distance
between me
and Henry.

that you
started those
rumors...

Henry
already
told me

In the past,
you never would
have bad-mouthed
about your Friend!

I am doing
this FOR You
...

That's how
just three days
before the
wedding
I eloped with
Henry...

I was
a fool

I always
thought that
you can live
as long as
you have
Love

yet all he
ever does
is stay at
home and
drink

Henry said
that he
would find
work,

but life was
still difficult
we were
barely
getting by

I worked
long hours.

Dad would
never send
us money.

We eloped.

What're
talking
about?

Then you won't
have to work
that hard?

See... let's
just ask the
magar to
send us
some money.

we can only
try to work
hard right
now...

Then,
I only have
to erase the
memories
about Henry?

How
red
...

At the
end, what
Lawrence
told
me...
they were
all True...
Lawrence
never lied
to me.

He only
wanted to
use me...
and get out
of the
town

Henry's
objective
was money
all along.

When he realized
that he can't get
money from me...
he left me...
for another.

After Henry
left me...

I went back...
Even though I
know I am
too selfish...

But I really
want to see
Lawrence again...
to thank him
and ask
for his
forgiveness...

I want to
forget about
Lawrence
too...

No...

Lawrence
?

There has been
no news of
him since...

but it was too
late... for everything...
Because of me,
Lawrence went into
depression,
and he left
his family...

Yet I've done
something so
terrible...
to the one
who really...
truly loved me...

how much
he cared
for me...

...it was only from the
caretaker,
that I found out how
much Lawrence
loved
me,

Oh, I see,
by a RESET
Specialist.
I presume!

But that shouldn't
have been one
of mine.

...Lawrence
had already
erased Me
from his
memories.

That's why...
I...
Even I should
just...

but he never
remembered me,
not even in his
childhood
memories...

Even though
I've gone to
visit him
many times,

Then I will
delete your
memories
about both
Henry and
Lawrence.

I
under-
stand,

"beep"
"input
completed"

?

You finally...
listened to me
until I finished

Thank
You, .

Lawrence.

Don't erase
that girl's
memory !!

No...
Lawrence.

I am the
one who wiped
your memory,
Adiel.

"ugh"
too late!

What...

This is my
fault... my
responsibility.

I erased your
memories to the
point when you
can't even
remember your
own name.

That is to say,
you were a whole
new person.

You are
lying...

What is...
this place?

Umm...
uh.

Right.
I have to
go back.

Who are...
You people?

My parents
are still waiting
for me...

Give them
back!!

If that's the
case, give back
my memories!

Regrettably,
the disc is already
Full.

This thing
is made from
special order

it will be two years
before I can get
another Disc.

Give them
all back
to me!!

Once you are
Restated, there's no
way to restore
you back.

This device
only stores
memory.

You're asking
if the memories
can be restored!

oh?

I am using
my future...

I
understand,
it feels as if
...

Well... you
probably...
Now that you
mentioned it,
it's almost the
same as your
story.

"koo" ...
"ukule" ...
Ah.

even my fiancé
running away...
it's all the same
as your story
you just told me.

My name's
Fabian,
My father's running
in the import-export
business ...

Let me
ask you,
what's your
name?

Ahah,
so he!

He's the man
who eloped
with my
wife-to-be.

maybe she and
Jacob end up
the same way...

Jacob?

Because I have
a feeling that
she will come back
to me.

I've decided
that I will
go back and
wait for Aina.

oh oh-
right, right,
yes, you're right,
right, of course.

What's
Aina?

Isn't she
my fiancé?

I have a feeling
that I've told you
this before.

Listen,
young man..

I sincerely
Thank you.

But man can't
live running
away from
memories of
the past.

This may
sound strange
coming from
me...

Don't try to
decide to give up
your memories
hastily

...very true.

Ben... Rachel,
what's her
name?

Aren't you
a bit late?
Did you send
her home
properly?

Let me introduce
you.
they're my pets, Rachel,
Lawrence, and Henry.
Cats, aren't they?

My mind's a
mess 'cause
of them.

again.

It's
Aira.

'chirp'
'chirp'

Now that's
it's over...

I have to say
that you're quite
amazing!

With you
around, I can
do as much
business as
I want

haha,
thanks!

A completely
new Disc!

The problem
is that
inside of
you,

there's not
just those two's
memory

"has
data"

but all the
other's as
well..

and they are
all **Painful** ones

thank you Da in touch!

ACT-53 TELEPHONE

We were hired by one of the top political figures of this country, suspected of selling weapons to terrorists.

What are the time, place, and password?

And my job is then to steal that man's identity and infiltrate the factory.

Bolt intercepted the buyer from the rogue nation...

Originally I was to wait for Bolt's instructions ...

Wow.....!

This is the latest model!

"looks around"

Wear a white flower, password is "Gave them all to me."

The codename is "Berrel". The place is New Arbor.

But it's
an
antique
...

Bolt did
prepared
a hovership
...

That's
won't do
anything

Sit tight,
I'm coming
to rescue
you...

Because
of these
reasons,
that's why
you're...

going into a
very dangerous
situation.

and help us bring
evidence on the
illegal weapons
transactions...
outside...

get inside
of the
secret
factory...

Now your
name is
"Barrel."

And...
do what?

wear
them

There's a pair
of wireless
headphones
on the phone,

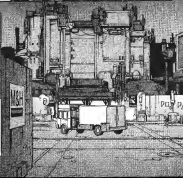

I'm just
a high school
student!

I'm still wearing
my uniform!
Absolutely
Not!

You're
kidding
me!

They have to
be skeptical
about me!

Isn't that
a bit
unreasonable?

3 Boxes of
E0 costs
20 Million
!?

uh oh...
this is
bad...

Well... um...
actually... even
if you don't
use E0...
If you use T9
together with
N Type plastic,

just a little
is enough to
to start a chain
reaction and
increase the
rate many
times fold...

Really? You
have complaints
about our
products?

What...
what I
meant
is that...
E0 explosives
is already
out of fashion

Except for the books about horoscopes and dynamics, I didn't read much of anything else.

Weird, huh? Since I was little, I've never had any other books, not even storybooks.

Today is the first time it was useful.

My home was very very poor then...

Because my father died of an accident... when I was still very little...

and no one that's really my friend...

I don't have a cellphone,

not even clothes except my school uniforms...

Not just "then," even now, my family is still very poor.

Not having
the latest phone,
not having beautiful
clothes...
am I really that
strange?

Everyone thinks
that I'm strange.

Not just
Kazuo!

Actually,
I only have
this one
set of
clothes, so

But my Mom
say that I
Have to go to
college...
she said
that everyone
goes...
so I have to
too...

Well, actually...

I wanted to be
like my dad and
be an explosives
specialist.

Is that
really
true?

Oh...
hahaha!

Let's
Go.

Now...
Now what do I
do??

Bring the
disk and
come out.

I'll go
meet up
with you

It's Hot
That way!

Ahh!

I don't know
if it will
work...!

I just
made this
thing up...
It's my first
time...

Er...?
But...

!!

You have
to
believe
in
yourself

Believe in...

Yourself...

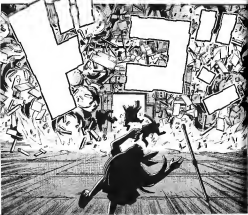

Yesterday was
like a dream

I've decided
not to go to
college.
I want to do
what I like.

Bolt-run

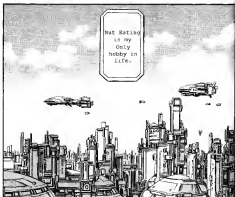

Then I'll
go find you
when I need
explosives.

Bolt-run, After I
talked with you,
I somehow felt
that I just have to
realize my dreams.

But it's still
better for you
to be a little
bit Thinner!

But Eating
is my
Only
hobby in
life.
